**DETAILED ACTION**

1. Claims 15, 16, 18, 19, 21-24, 26-34 and 37 remain rejected under 35 U.S.C. 103(a) as being unpatentable over Diedrick et al in view of Felberbaum et al, for the reasons of record.

2. Claims 15, 16, 18, 19, 21-24, 26-34 and 37 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claim 22-25, 30, 31, 33, 36-39 and 41-48 of copending Application No. 09/053152, for the reasons of record. This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

***Response to Amendment***

The previous provisional rejection is maintained until receipt of a terminal disclaimer.

The previous rejection under 35 USC 102(b) has been overcome by the amendments to the claims.

Applicant's arguments traversing the rejection under 35 USC 103(a) as set forth in the previous office action have been considered but are not found to be persuasive.

Said rejections are maintained for the reasons of record since the amends to the claims fail to distinguish over the prior art. Specifically, the administering of the LH-RH antagonist in a single or dual dose has not been shown to produce results than those of the prior art. A side-by-side comparison is necessary to overcome the rejection since variations in the means of administering a specific medication is well known in the art.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
